Vitamin D Test £40

Vitamin D does more than most people realise. Bone strength, immune defence, mood stability, muscle performance, it underpins all of it. Yet deficiency is one of the most common nutritional gaps in the UK, where limited sunlight for much of the year means most people simply aren't getting enough.

- Easy and accurate finger-prick blood test
- Results and a personalised treatment plan in just 15 minutes

Iron Infusion

Our private iron infusions provide a fast, effective way to restore iron levels, delivering results more quickly than supplements or dietary changes.

If you're struggling with fatigue, breathlessness, brain fog, or just not quite feeling yourself, iron deficiency could be the culprit.

1. **Blood Test** £159

Test your Iron and Ferritin levels with us, or bring a GP iron profile and full blood count from within the past 4 weeks.

2. **Consultation** Free

Our medical team reviews your results and calculates the right dose of Ferinject for your infusion.

3. **Iron Infusion** From £500

An IV infusion administered by our medical team, followed by a 30-minute observation period.

Compression Therapy

from £10

Time needed: approx. 25-45 mins

Compression Therapy improves blood circulation and the flow of lymphatic fluid, as well as enhancing recovery. Normatec 3 Legs is the leader in rapid recovery - their restorative massage allows you to warm up quickly and leaves you feeling completely revitalised.

20 Minute Sessions

Intro Session (first time only)	£10
1 Session	£30
5 Sessions	£80
10 Sessions	£149

40 Minute Sessions

1 Session	£60
5 Sessions	£149
10 Sessions	£199

Infrared Sauna

from £50

Time needed: approx. 30-50 mins

While traditional saunas raise the air temperature inside, Infrared Saunas use infrared light to heat the body directly.

Inside the sauna, your heart rate increases, leading to an increase in blood circulation and sweating, as if you have been exercising. It can aid weight loss and improve energy, as well as help to reduce stress and high blood pressure.

25 Minute Sessions

1 Session	£50
5 Sessions	£99
10 Sessions	£199
Couples Single Session (1 x 25 Minute Session for 2 People)	£85

Couples Single Session (1 x 45 Minute Session for 2 People)	£110

Cryotherapy

from £40

Time needed: approx. 15 mins

Cryotherapy, sometimes known as cold therapy, is the use of low temperatures in medical therapy. It is a fast and healthy process that accelerates the body's natural recovery while improving overall well-being and energising the body.

Cryotherapy is a dry, non-invasive process that lowers a person's skin temperature during a session of up to 180 seconds.

Intro Single Session (first time only)	£40
Single Session	£70
10 x Sessions	£199

Please note that Cryotherapy prices may differ at Apogii (Notting Hill).

Pelvic Floor Chair

from £50

Time needed: approx. 30 mins

One 30-minute session in the chair is equivalent to 10,000 Kegel exercises. Perfect for those managing erectile dysfunction, urinary incontinence, new mothers, fitness enthusiasts, and anyone looking to give their pelvic floor a powerful boost. Choose between Mode 1 for pelvic floor strengthening or Mode 2 for urinary incontinence.

Intro Single Session (first time only)	Free
Single Session (30-min)	£50
Course of 5 (30-min each)	£99
Course of 8 (30-min each)	£149

Hyperbaric Oxygen Therapy

from £85

Time needed: approx. 60-120 mins

Hyperbaric Oxygen Therapy (HBOT) is a medical treatment that involves breathing pure oxygen in a pressurised environment. The pressure in the chamber is higher than atmospheric pressure, which allows the body to absorb a higher amount of oxygen. This increased oxygen concentration in the blood and tissues has a range of benefits, including: accelerated recovery, reduction of pain and inflammation, assisting with mental clarity and enhancing energy levels.

Red Light Therapy

from £65

Time needed: approx. 15-30 mins

Red Light Therapy (also known as photobiomodulation or PBM) is a non-invasive treatment that uses low-wavelength red and near-infrared light.

Our full-body Red Light Therapy bed supports cellular energy (ATP) production, promoting faster cell turnover and helping improve the appearance of acne, age spots, and overall skin texture.

1 x Session	£65
5 x Sessions	£99
10 x Sessions	£199
20 x Sessions	£349

Ozone Therapy

from £330

Time needed: approx. 30-120 mins

Ozone Therapy is a widely used and safe, non-toxic therapy that acts at various levels of the organism to stimulate the body's own immunity and directly target viruses, bacteria, and pathogens, therefore helping to restore balance.

A 'Pass' refers to how many times your blood will go through the Ozone machine and back into your body over the course of a single treatment session.

3 Pass Ozone Therapy	
1 Treatment	£330
5 Treatment Course	£1,000
10 Treatment Course	£1,500

NAD+ (Nicotinamide Adenine Dinucleotide)

Every cell. Every function. One molecule.

NAD+ is found in every cell in your body, and it's crucial in energy metabolism and cellular health that underpin overall wellbeing. NAD+ is essential for DNA repair, mitochondrial function, sirtuin enzyme activity, and the energy metabolism that underpins your overall health and wellbeing.

- **NAD+ IV Drip (250mg)** £279
- **NAD+ IV Drip (500mg)** £499
- **NAD+ Injection (SC)** £119

EssentiaWell £24.99

Expertly formulated to help you maintain vitality and feel your best day to day. This isn't your typical multivitamin - it's high-strength, and we mean it.

EssentiaWell is made for those with specific needs, delivering high doses of 20 key nutrients to help you feel energised, balanced, and supported every step of the way.

DNA Testing

Having a DNA test is the best way to find out exactly how your body responds to and metabolises certain nutrients.

This will help to identify your personal micronutrient requirements. We can then create a bespoke Drip based on your body's own unique nutritional needs.

Silver DNA Test £400

Genes are tested that relate to the following nutrients: B2, B3, B6 & Vit C, L-Carnitine, Glutamine, Vitamin D, CoQ10, Alpha Lipoic Acid, Magnesium, B12 Hydroxycobalamin.

Gold DNA Test £650

Genes are tested that relate to the following nutrients: B2, B3, B6 & Vit C, L-Carnitine, Glutamine, Vitamin D, CoQ10, Alpha Lipoic Acid, Magnesium, B12 Hydroxycobalamin, B12 Methylcobalamin, Taurine, Glutathione, Amino Acids, Methionine, Zinc, Selenium.

Both tests include a free 30-minute consultation with a GMC-registered doctor to talk through your results, questions, and unique recommendations.
